Häme University of Applied Sciences (HAMK) is a multidisciplinary university of applied sciences with 23 bachelor-level degree programmes (4 delivered in English) and 7 master-level degree programmes (1 delivered in English). HAMK is situated centrally in the most populated area of the country, southern Finland, where about half of all Finns live.

**In figures**
- Over 7000 students (around 600 foreign students)
- Over 600 staff members
- 7 campuses in southern Finland

**International Semester at HAMK**
HAMK’s International Semester consists of courses specially selected to maximise your learning experience with us. These courses are delivered entirely in English and are meant for exchange students from our partner institutions and also for HAMK students. The studies last for approximately for one semester.

**Hämeenlinna Campus**
- Business Administration
- Business Information Technology
- Biotechnology and Food Engineering
- Business Management and Entrepreneurship (Master’s studies)
- Construction Engineering
- Design
- Nursing
- Social Services

**Forssa Campus**
- Nursing

**Lepaa Campus**
- Landscape Design and Construction
- Horticulture

**Riihimäki Campus**
- Information and Communication Technology
- Mechanical Engineering and Production Technology
- Traffic and Transport Management

**Valkeakoski Campus**
- Electrical and Automation Engineering
- International Business

In some degree programmes, it is possible for the exchange student to carry out a work placement period at HAMK.
