

How to log in HAMK – Office 365

Log in: <http://intra.hamk.fi>

Your Office 365 username is **username@hamk.fi** (in other words, add *@hamk.fi* or *@student.hamk.fi* or *@hamko.fi* after your regular HAMK username, depending on which group you belong to: staff/student/HAMKO). **You can also use your email address to login (for example sarah.student@student.hamk.fi).** Sign-in is different if you are at HAMK network or outside it:

- If you are using a **HAMK computer** the system does not ask for a password at this point. Replace someone@example.com with your username and press the Enter key on your keyboard. The system will automatically log you in.

Sign in with your organizational account

The screenshot shows a web-based sign-in form. At the top, it says "Sign in with your organizational account". Below this are two input fields: the first contains the placeholder text "someone@example.com" and the second is labeled "Password". Under the password field is a checkbox labeled "Keep me signed in". At the bottom of the form is a blue button with the text "Sign in".

- **If you are outside the HAMK network or using your own device**, you sign in using your HAMK username and password. Please enter the same username and password when logging in to HAMK's computers.

- **You can also log in to O365 via the HAMK webmail:** <https://webmail.hamk.fi> and then switch from your Outlook to a different service (Calendar, OneDrive, Sites, etc.) by clicking the buttons in the top right bar.
