**Compulsory module**

**Profile module**

**Common modules**

---

**BEAUN14A7**
- Production Automation, academic year 2017-2018

**BEEAN15A7**
- Applications of Automation Engineering, academic year 2017-2018

**BEAUP16A7**
- Process Automation, academic year 2017-2018

**BEEAP7A7**
- Practical Automation Applications, academic year 2017-2018

---

**Advanced Development Project - Engineering**
- Advanced Development Project - Engineering, academic year 2017-2018

**Applications of Automation Engineering**
- Automation and Electrical Wiring Design, academic year 2017-2018

**Production of Electric Power and Energy Metering**
- Automation and Electrical Wiring Design, academic year 2017-2018

**Fundamentals of Automation Engineering**
- Automation and Electrical Wiring Design, academic year 2017-2018

---

**EA00BO30**
- Production Automation, academic year 2017-2018

**EA00BO41**
- Production of Electric Power and Energy Metering, academic year 2017-2018

**EA00BO50**
- Fundamentals of Automation Engineering, academic year 2017-2018

---

**Work Placement**
- Work Placement, academic year 2017-2018

**Advanced Development Project - Engineering**
- Advanced Development Project - Engineering, academic year 2017-2018

**Applications of Automation Engineering**
- Automation and Electrical Wiring Design, academic year 2017-2018

**Automation and Electrical Wiring Design**
- Automation and Electrical Wiring Design, academic year 2017-2018

---

**HAMEK** – professionally oriented higher education
