## **International Professional Teacher Education (IPTE) programme (10-13 months)**

All meetings of the IPTE24 study group are conducted online using the Zoom platform. Typically, online meetings start at 9:00 am and conclude at 4:00 pm. Exceptions to these times are mentioned below. It's important to note that all times mentioned are in Finnish time. Attendance at all meetings is mandatory.

**Please be aware** that students in the group start their studies either in May or August 2024. If you haven't completed basic education science studies before, your studies will commence on May 2-3, 2024. Refer to the schedule on page two for details. The group will engage in studies during the summer of 2024. For those who have already completed basic education studies, your studies will commence on August 13, 2024. Refer to the schedule on page three.

In addition to collective training sessions, teacher studies involve peer group meetings, which are scheduled separately by the teacher and students. Additionally, we offer some online expert talks on crucial subject areas of teacher competence during TietoTuesdays, spanning from September 2024 to March 2025, typically from 4 to 5 p.m. These presentations are recorded and can be viewed at a later time.

Teacher studies also encompass an optional course worth 5 credits. Optional courses are available in both the fall and spring semesters, conducted online, with some possibly involving 1–2 training meetings. Details about training meetings for optional courses will be announced later.

The schedule for the teaching internship is individual and will only be clarified during the internship negotiations.
