

International Professional Teacher Education

Below you will find the online meeting days for the International Professional Teacher Education study group for the academic year 2026–2027. Please note that if you have previously completed Basic Studies in Education in Finland, you are not required to attend the training days for Basic Studies in Educational Sciences. The studies also include an optional study (5 credits), and the days for options will be announced separately on our website during spring 2026.

Group's joint kick-off meeting:
