

MIKKOLA FARM

SUSTAINABLE FOREST-FIELD ECOTONE PROJECT IN IITTALA

A PARADISE AT THE FOREST EDGE

We invite visitors to explore a restored forest-field ecotone that supports biodiversity, agroforestry, and outdoor learning throughout the year.

🌱 Spring : Forest restoration, tree planting & guided nature walks

☀️ Summer : Berry harvest, pollinator meadow tours & small acoustic

🍂 Autumn : Harvest days, biodiversity workshops & farm product

❄️ Winter : Snow walks, habitat monitoring & educational visits

Team 1

Our Values

Forest Edge Restoration

Improving light conditions and creating diverse habitats

For all ages, year-round

Berry & Shrub Agroforestry

Currants, raspberries, rowan & pollinator plants

Pollinator Meadow & Biodiversity

Wildflowers, insect hotels & bird habitats

Learning opportunities and collaboration
